

Medicinal remedies game (5-12)

Duration: 90 minutes

Max: 60 participants

Cost: \$8.25 per participant

This game complements your guided tour includes a guided tour and helps your students understand the importance of oral history.

This entertaining game shares recollections from French-Canadian and Métis elders' oral history. What illness can be warded off with a "chicoque"? What was Seneca root used for? Try your best to connect the illness to the cure then listen carefully to the stories to see if you're right!
